The weekend with Ella Onakoya when she came to minister at Agape church in Sweden in September 2011 was very refreshing and we were very much encouraged as a church. The first night on Friday was very prophetic as she shared from the heart what she felt God was saying to us. She used the scriptures very much and it is reassuring to see a ministry so focused on the word as well as the move of the Spirit. We had many testimonies from people who were encouraged and refreshed and also testimonies of healings. The glory of God and a wonderful reviving atmosphere came in to the church as she ministered on the Saturday night so much so that people did not want to leave after the meeting. They were content to stay and just worship God. She also came with us during the day to do outreach with us in the market even though we could see that she was still recovering from a leg accident she had months ago. She is a woman of faith and the love of God shines through her. We recommend Ella to other churches wholeheartedly especially those who hunger for more of God will not be disappointed. I really appreciate the humble attitude of Ella as we got to know her. Pastor Per-Arne Imsen, Agape Fellowship, Gothenburg, Sweden
