I met Evangelist Ella about 2 years ago in a revival meeting I was invited by one of my pastor friend. Since then she has been in our church, Ebenezer Gospel Centre twice and we really appreciate the gift of God upon her life. During her visits into the church, we have received some phenomenal testimonies of people receiving healing in their bodies and others experiencing a fresh move of God in their lives. On one occasion, I was there as the pastor of the church when she was ministering and speaking in tongues (I could hear she was speaking in my native Kikuyu East African language as she exhorted the church in tongues) I was amazed at this because I knew this was not a language she spoke so this was a true supernatural experience. After the service, one member of my church also said he heard her speak a similar language as I heard! Ev. Ella is one preacher that God is mightily using in these end days to bring revival in the body of Christ and we feel honoured to have known her and I'm glad to recommend her to minister in any church that is hungry for revival and to know Jesus more. Rev. Dan Mwirigi, Ebenezer Gospel Center, Northampton, UK
